

Swimming pool pump

Art. No. 650 001 089 / 650 001 125

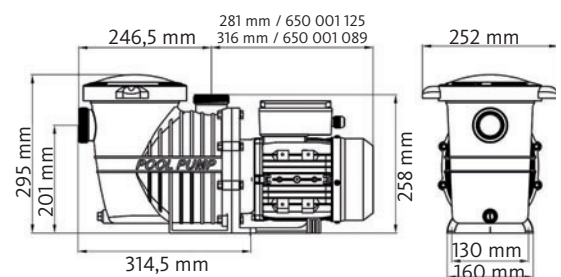

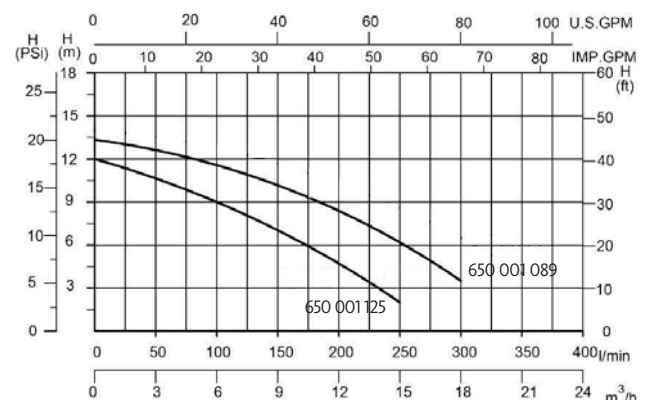

This medium head pump has been designed for durability, quiet running performance and economy. The multi-purpose, self-priming pump with large pump basket is ideally suited for all above-ground and small, solidly built in-ground pools. The high-efficiency motor, 100% recyclable plastic material and the carbon-ceramic surface sealing are special features of this pump.

Product properties

- Self-priming pump with high-quality, corrosion-resistant housing
- High-efficiency motor and stainless steel shaft for quiet, cool and efficient operation
- Sturdy, one-piece strainer housing made of corrosion-resistant, reinforced thermoplastic for permanent use
- Large strainer basket for easy maintenance, and transparent lid made of strong polymer for improved inspection. Easy to open and fitted with mechanical seal
- Fully factory-tested
- Integrated drain screw for safe winterisation

Performance curve

Technical data

Model number:	650 001 125	650 001 089
Pump power:	0.8 kW	1.0 kW
Output power:	0.56 kW	0.75 kW
Voltage:	230 V ~	230 V ~
Connection:	1 ½"	1 ½"
