

Assembly instructions base set for heat pump air/water 6 to 18 kW

Art. No. 650 001 454

Stable construction made of square profiles as mounting bracket for the domestic heat pumps 650001330, 650001331, 650001332, 650001333. Due to the use of rubber buffers, an acoustic decoupling takes place. High-quality galvanising ensures the durability of the bracket.

- Material: Steel sheet galvanised
- Height [mm]: 430
- Length [mm]: 500

Scope of delivery:

- 2 x Base
- 4 x Rubber damper
- 8 x Stainless steel screw
- 4 x Stainless steel washer
- 4 x Sealing cap
