- Temperature monitoring of each individual slot, regardless of the battery type
- Automatic battery-full detection and termination of the charging process
- Trickle charging for NiMH rechargeable batteries
- Display of the charging status and the battery parameters via the LCD
- Indication of incorrectly inserted batteries (wrong polarity)
- Operation via a 5V DC USB adapter (not included)

INFORMATION

Product name	Lithium 4
Part No.	1001-0122
EAN-Code	4013674183562
Customs tariff number	85044055900
Product content	Lithium 4 charger, USB type-C charging cable, operating instructions

Product	129,5 × 96 × 33 mm / 0 g
Packing + Product	133 × 120 × 38 mm / 250 g
Packing Unit	40 (552 × 260 × 220 mm)
